### INVITATION TO 10TH WORLD CANCER CONGRESS - 2027

We are pleased to invite oncologists, researchers, clinicians, healthcare professionals, academicians, industry experts, and students from across the globe to attend the 10th World Cancer Congress (WCC)–2027, scheduled to take place on 13–14 March 2027 in Mumbai, India.

#### ***Theme:- Early Detection, Screening & Cancer Prevention Strategies***

The milestone 10th edition of the World Cancer Congress will focus on Early Detection, Screening, and Cancer Prevention Strategies, highlighting innovative research, public health initiatives, advanced screening tools, and preventive oncology approaches aimed at reducing the global cancer burden.

This international congress will serve as a premier platform for sharing cutting-edge scientific insights, clinical advancements, and real-world solutions while fostering global collaboration and meaningful networking.

Join us in Mumbai, India's financial and healthcare hub, for this landmark event as we work collectively toward earlier diagnosis, effective prevention, and improved cancer outcomes worldwide.

We look forward to welcoming you to the 10th World Cancer Congress – 2027

## FOCUS OF THE CONFERENCE

- ✦ Focus on early cancer detection, population-based screening, and prevention strategies to reduce cancer mortality and late-stage diagnosis
- ✦ Promote a shift from treatment-centered oncology to prevention-driven and precision early detection approaches
- ✦ Highlight advances in molecular diagnostics, liquid biopsy, genomic biomarkers, AI-assisted imaging, and digital pathology
- ✦ Address cancer epidemiology, genetic susceptibility, and real-world implementation of screening programs
- ✦ Emphasize primary and secondary prevention, including vaccination, lifestyle modification, and environmental risk reduction
- ✦ Foster global collaboration among clinicians, researchers, public health experts, policymakers, and industry leaders

It is my great honor and privilege to welcome you to the 10th World Cancer Congress 2027, scheduled to be held on 13 – 14 March 2027 in Mumbai, Maharashtra, India.

Cancer continues to pose one of the most formidable challenges to global health. While remarkable advances have been made in treatment and technology, the greatest opportunity to reduce cancer-related mortality lies in early detection, effective screening, and robust prevention strategies—the central theme of this year's congress.

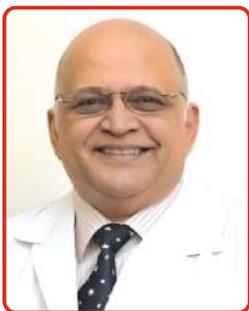

The 10th World Cancer Congress 2027 is envisioned as a dynamic global platform that brings together clinicians, researchers, public health experts, policymakers, industry leaders, and patient advocates to critically examine evidence-based strategies that enable cancers to be detected earlier, screened more accurately, and prevented more effectively. Scientific deliberations will focus on population-based screening programs, molecular and genetic diagnostics, risk stratification, lifestyle interventions, health equity, and the integration of technology and artificial intelligence into early cancer care.

Early detection is not merely a clinical goal—it is a public health imperative. When cancers are identified at an early stage, outcomes improve dramatically, treatment becomes less intensive, and the burden on healthcare systems is significantly reduced. Prevention, through education, vaccination, behavioral modification, and policy-driven initiatives, remains the most sustainable and cost-effective approach to combating the global cancer epidemic.

Mumbai, a city that symbolizes resilience, innovation, and medical excellence, provides a fitting backdrop for this landmark congress. It is my sincere hope that the discussions, collaborations, and knowledge exchange at this congress will translate into actionable solutions, strengthened global partnerships, and tangible improvements in cancer control worldwide.

I warmly invite you to join us at the 10th World Cancer Congress 2027 and contribute to shaping a future where cancer is detected earlier, prevented more effectively, and managed with compassion, precision, and scientific rigor.

I look forward to welcoming you to Mumbai.

With Warm Regards

**Dr. Ramakant K. Deshpande**  
(Padma Shri Awardee - 2014)

Senior Surgical Oncologist and Executive Chairman,  
Asian Cancer Institute, Mumbai, India

It is with great pleasure that I welcome you to the 10th World Cancer Congress 2027, to be held on 13th – 14th March 2027 in Mumbai, Maharashtra, India.

Cancer care is undergoing a profound transformation driven by scientific innovation, multidisciplinary collaboration, and a growing emphasis on early detection and prevention. While advances in therapeutics and technology continue to reshape outcomes, the most meaningful impact on survival and quality of life lies in timely diagnosis, integrated treatment planning, and equitable access to care. This congress is designed to address these critical dimensions through evidence-based discussions and global knowledge exchange.

The 10th World Cancer Congress 2027 brings together an exceptional community of clinicians, surgeons, researchers, scientists, nurses, and healthcare leaders from across the world. The scientific program has been carefully curated to foster practical learning, encourage translational research, and promote cross-disciplinary dialogue that can be directly applied to patient care. Special emphasis has been placed on early cancer detection, screening strategies, surgical excellence, technological integration, and the role of innovation—including artificial intelligence—in shaping the future of oncology.

As a surgeon and educator, I firmly believe that meaningful progress in cancer care is built on strong foundations of training, mentorship, research, and collaboration. Conferences such as this serve not only as academic platforms but also as catalysts for inspiring young professionals, strengthening global partnerships, and advancing standards of care across diverse healthcare systems.

Mumbai, a city known for its resilience, diversity, and medical leadership, offers an ideal setting for this landmark gathering. I am confident that the discussions, debates, and collaborations during this congress will lead to actionable insights and lasting impact in the global fight against cancer.

I warmly invite you to participate in the 10th World Cancer Congress 2027 and contribute to shaping a future where cancer care is delivered with precision, compassion, and scientific excellence.

I look forward to welcoming you to Mumbai.

With Warm Regards

**Dr. Sanjay Sharma**

Senior Surgical Oncologist and Director,  
Asian Cancer Institute, Mumbai, India

With a great support from our Collaborators, Sponsors and Scientific Committee, Arjyopa Healthcare had successfully completed the 8th Edition of World Cancer Congress – 2024 which was held from 18th – 20th March, 2024 at JNU Convention Centre, JNU Campus, New Delhi, India. The Conference was organised around the theme of “Integrative Medicine and Translation Research in Cancer”. The Conference was organized under the leadership of Dr. K. S. Gopinath (Padma Shri Awardee) (Chairman), Senior Oncologist and Director, HCG and Dr. G K Rath(Chairman-Scientific Committee), Senior Radiation Oncologist and Retd. Head, NCI, AIIMS, New Delhi

Over 1000+ delegates from 20+ countries gathered in Capital City of India to listen to the advances made by many around the world in preventing and treating cancer. The Congress design facilitated discussion, debate, challenge and interaction and all delegates left inspired by the content and the sense of ambition and hope from the world leaders in cancer control programme and on various advances in cancer research.

The Prestigious 8WCC was inaugurated by **Dr. G P Talwar** (Padma Bhushan Awardee), Retd. Head, Dept. of Biochemistry, AIIMS, New Delhi followed by the below dignitaries.

- ★ **Dr. K S Gopinath** (Padma Shri Awardee), Senior Oncologist and Director, HCG, Bangalore
- ★ **Dr. Ashok Gupta** (Padma Shri Awardee), Senior Surgeon, BHIMS, Mumbai
- ★ **Dr. H R Nagendra** (Padma Shri Awardee), Vice-Chancellor, S-VYASA, Bangalore
- ★ **Dr. G K Rath**, Retd. Head, NCI, AIIMS, New Delhi
- ★ **Dr. Supriya Chakraborty**, Dean-School of Life Sciences, JNU, New Delhi.

The 8WCC has also witnessed welcome speech from our Chief Guest **Hon'ble Minister Shri. Ashwini Kr. Choubey**, Ministry of Environment, Forest and Climate Change.

We would also like to congratulate all the 8WCC- 2024 Awardee and wish them a bright future ahead.

We would like to thank all our Speakers and attendee who had made up their time from their busy schedule to attend this summit. It wouldn't have been possible without the support of our Media Partners who helped us in promoting this event and helping us reach greater audience. We would like to thank our Title Partner “Cancer Healer Centre” along with all the sponsors/exhibitors who have financially helped us in making this conference a great success. Once again we also would like to thank all our Speakers and Delegates for sharing their valuable time with us, sharing their research work with our peer network. We are very glad to have shared a great relationship with all these attendees, associations and we hope to see even greater support in our upcoming events. We would also like to thank Chairs and Co-chairs of the conference.
